

NIDHI RANI

COMPUTER SCIENCE TEACHER | STET PAPER-II QUALIFIED

Katihar, Bihar, India | +91 8809760341 | nidhirani1085@gmail.com | linkedin.com/in/nidhirani

PROFESSIONAL SUMMARY

STET Paper-II qualified Computer Science educator with one year of classroom experience teaching Classes VIII-X and current industry experience as a Software Engineer. Strong foundation in computer fundamentals, Python, artificial intelligence, lesson planning, laboratory instruction, student assessment, and technical communication. Committed to making technology practical, engaging, and accessible while building students' digital literacy, logical reasoning, and problem-solving skills.

TEACHING & PROFESSIONAL EXPERIENCE

Computer Teacher | Teomal World School (formerly Manipal School), Katihar **1 Year**

- Taught Computer Science to students of Classes VIII, IX, and X through structured theory lessons and hands-on laboratory sessions.
- Delivered instruction in computer fundamentals, MS Office, internet applications, digital literacy, and introductory programming concepts.
- Prepared lesson plans, assignments, practical exercises, projects, examinations, and student assessments aligned with classroom learning goals.
- Monitored student progress, provided academic guidance, maintained classroom discipline, and encouraged logical thinking through activity-based learning.

Software Engineer | LTIMindtree **Present**

- Contribute to software development and technology-focused project activities using Python, analytical thinking, documentation, and presentation skills.
- Collaborate with team members, communicate technical information clearly, and prepare structured reports and presentations.
- Completed the Orchard AI Services Training Program with practical exposure to Artificial Intelligence, Machine Learning, Deep Learning, Generative AI, and Large Language Models.

EDUCATION & TEACHING QUALIFICATION

Qualification	Specialization / Level	Status
Bihar STET Paper-II	Computer Science	Qualified, 2026
Bachelor of Technology (B.Tech)	Computer Science & Engineering	Completed
Higher Secondary (Class XII)	10+2 / HSC equivalent	Completed
Secondary (Class X)	SSC / Matriculation equivalent	Completed

ACADEMIC PROJECT

CURA AI: Deep Learning-Based X-Ray Fracture Detection | Team **AI / Computer Vision**
Project

- Contributed to dataset preparation and an AI-based solution designed to identify fractures from X-ray images using deep learning and computer vision concepts.
- Supported model testing, evaluation, project documentation, and presentation preparation, translating technical findings into clear explanations.

TEACHING & TECHNICAL SKILLS

Teaching	Computer Science Teaching • Classroom Management • Lesson Planning • Student Assessment • Laboratory Instruction • Student Mentoring
Technical	Python • Computer Fundamentals • MS Office • DBMS • Operating Systems • Computer Networks • AI/ML Fundamentals
Professional	Communication • Technical Presentation • Documentation • Collaboration • Critical Thinking • Adaptability

ADDITIONAL STRENGTHS

Industry-informed teaching perspective • Practical, example-driven explanation • Interest in coding education and emerging technologies • English and Hindi communication
